

Preliminary Program

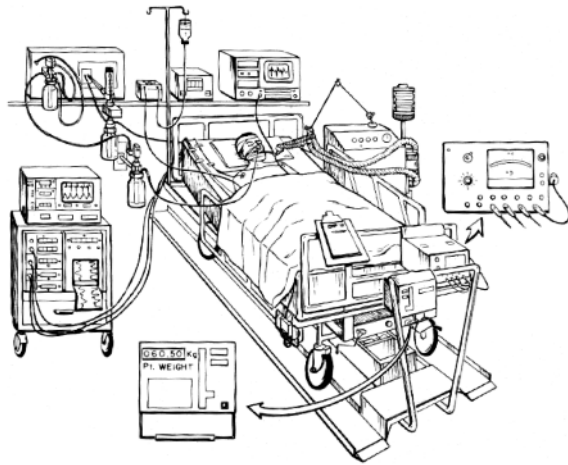

49

TH ANNUAL
*Weil / Eisenhower Medical Center
Symposium on*

CRITICAL CARE AND EMERGENCY MEDICINE

Saturday, April 30 through
Thursday, May 5, 2011

Westin Mission Hills
Rancho Mirage, California

Presented by
Eisenhower Medical Center
The Weil Institute of Critical Care Medicine®

Sponsored by the
Annenberg Center for Health Sciences
at Eisenhower

Directed by
Max Harry Weil, MD, PhD

EISENHOWER MEDICAL CENTER

COURSE DESCRIPTION AND NEEDS ASSESSMENT

Course Description

The 49th Annual Weil/Eisenhower Medical Center Symposium on Critical Care and Emergency Medicine will address many of the challenges faced by health care professionals who care for critically ill and injured patients, and is again committed to provide a bedside clinician with state-of-art updates on diagnosis and management of life threatened patients. The target audience includes critical care specialists, emergency physicians, hospitalists, internists, cardiologists, pulmonologists, anesthesiologists, nephrologists, traumatologists, general surgeons, and primary care providers who have responsibility for management of critically ill patients. The program provides an ideal mix of traditional standard-of-care principles based on established guidelines together with cutting-edge, recent advances applicable to the care of the critically ill. Didactic lectures on current management are featured in the Plenary Sessions. Updates 2011 are a series of lectures highlighting important advances. Practical skills are taught in half-day or full day workshops on major subjects including respiratory management and advanced electrocardiographic interpretation. Full day courses are the Provider ACLS course and the formal Society of Critical Care Medicine Fundamental Critical Care course. Successful completion of the full day courses is certified.

This conference was the first and continues as the oldest course on Critical Care Medicine. The program offers opportunity to fill gaps in knowledge and advances in the multi-specialty and broad-based areas of critical care and emergency medicine, and translate new guidelines into practice.

Needs Assessment

Critical care medicine is practiced by physicians from diverse specialties with focus on the diagnosis and management of patients with acute life-threatening illnesses or injuries. Ten percent of expenditures on health care are estimated to be spent on critically ill patients.¹ More than five million patients are admitted annually to ICUs in the United States, for postoperative management, respiratory insufficiency, heart failure, and/or sepsis.² Because the initial care of the critically ill now extends to patients in emergency departments, emergency physicians are increasingly called on to implement initial management together with hospitalists. Because the broad-based specialty of Emergency Medicine ranges over many specialties, it is nearly impossible to keep up with new developments.³ In planning the program, the committee conducted literature searches, reviewed national guidelines, analyzed past participant surveys from this and similar programs, and consulted experts to identify gaps in practitioner knowledge and competence or performance. Learning objectives (see next page) were therefore linked to identified gaps.

For a summary of course information, please see page 21.

OBJECTIVES

At the conclusion of the program, the participant who has attended appropriate sessions should be able to:

- Assess risks and choose practical options for mechanical ventilation; describe the management of acute respiratory failure and the prevention of ventilator induced lung injury, and ventilator associated pneumonias; explain options for more facile endotracheal intubation, tracheotomy and non-invasive and less invasive ventilation; recognize the increasing value of capnometry and employ it as a routine cardiorespiratory monitor; discuss management of inhalation injuries;
- Identify and manage acute cardiovascular crises, including chest pain, acute coronary syndromes, heart failure, major rhythm disturbances, and pericardial disease; distinguish and apply appropriate preoperative evaluation prior to surgery of patients with coronary artery disease; distinguish between primary cardiac and primary asphyxial cardiac arrest and manage treatment in accord with new guidelines, including options for defibrillation, hypothermia, and management of post resuscitation myocardial dysfunction, and ischemic brain damage; discuss the current role of less invasive and non-invasive hemodynamic monitoring, and the newly recognized role of microcirculatory imaging for diagnosis and management of circulatory shock; discuss the role of ultrasound for imaging and to guide placement of central catheters at the bedside.
- Identify emerging infectious diseases of the 21st century, including new influenza strains, MRSA, *clostridial* diseases, and systemic fungal diseases; discuss diagnosis and treatment of sepsis, including septic markers, septic shock, and multi-organ failure; describe fluid resuscitation and indications for early medical and surgical treatment of shock states; identify the options of decreasing the incidence of hospital acquired infections and guidelines for management of the immunosuppressed or granulocytopenic patient; describe diagnosis and management of both community- and hospital-acquired pneumonias and life-threatening exacerbations of obstructive airway diseases; describe the epidemiology and management of antibiotic resistance, including changing antimicrobial sensitivities of antimicrobial drugs; diagnose and implement guidelines for appropriate use of prophylactic antibiotics, and implement hospital programs for management and updated treatment of life-threatening infections, including endocarditis, *C. difficile*, HIV, the immune inflammation syndrome and "goal directed therapy," appropriate to persistent scourge of tuberculosis and its early diagnosis.
- Identify intoxications with diverse poisons, street drugs and overdoses; implement appropriate initial management of wounds; employ newly established guidelines for blood transfusions; review bleeding disorders and methods of hemostasis.
- Describe and apply current guidelines for diagnosis and management of acute renal failure and options for renal replacement therapy; discuss

management of organ failures, electrolyte and acid base emergencies, including complication of diabetes mellitus and other acute endocrine crises; evaluate options for nutrition during the course of critical illness; define the differential diagnosis of hematemesis and melena and its management.

- Implement current guidelines for differential diagnosis and optimal management of both hemorrhage and thrombotic strokes, including thrombolysis, other pharmacological interventions, interventional neuro-radiology and surgical management; discuss the significance and practical implications of transient ischemic attacks; describe and apply current initial management of seizures, syncope, and head injuries.
- Identify and treat anxiety and manage post-operative pain without the adversities of long term sedation; adopt protocols for analgesia and sedation based on increasingly objective criteria; address end-of-life care; review malpractice cases, integrate the mandated attention to human values and ethical priorities as part of the management of patients with life-threatening diseases and injuries.

PRECOURSE SCHEDULE

SATURDAY, APRIL 30, 2011
SUNDAY, MAY 1, 2011

All precourse workshops have limited space and early registration is advised. Workshops offer up to 16 AMA PRA Category 1 credits. Credit offered is commensurate with the time spent in each workshop.

PRECOURSE: 2-DAY WORKSHOPS

Saturday, April 30, 3:00 - 7:00 p.m.

Sunday, May 1, 8:00 a.m. - 5:00 p.m.

You must attend both days to receive certification for each course.

- 1) **ACLS for the Advanced Provider and ACLS Instructor Certification.** American Heart Association. Requires current ACLS provider certification. *Wanchun Tang, MD; Michael Jacobs, EMT-P; Jazim Rubaii, MD*
- 2) **Fundamental Critical Care Support (FCCS).** Two-day comprehensive course addressing fundamental management principles for the first 24 hours of critical care. Certification after successful completion of course. *William Browne, MD; Jazim Rubaii, MD*

PRECOURSE: 2 ONE-HALF DAY WORKSHOPS

Sunday, May 1, 8:00 a.m. - 12:00 p.m. and 1:00 - 5:00 p.m.

Each course runs a 4-hour slot in the morning and repeats in the afternoon. Each attendee will complete both courses.

- 1) **Hands-on Approach to Initial Airway Management and Mechanical Ventilation.** An update on ventilator modes and their application in patients with acute respiratory failure. Newer invasive and non-invasive methods of securing the airway and adequacy of ventilation will be illustrated. Airway management techniques will be reviewed and demonstrated. *Neil MacIntyre, MD; Philip Lumb, MB; Shahriyar Tavakoli, MD (one half day)*
- 2) **ECG Case Reviews for the Non-cardiology Intensivist.** This course will present multiple ECGs for discussion and provide techniques for interpretation. Treatment options for a variety of cardiac rhythms will be reviewed. *Nora Goldschlager, MD (one half day)*

PRECOURSE: A FULL-DAY WORKSHOP

Sunday, May 1, 8:00 a.m. - 5:00 p.m.

- 1) **ACLS Certification.** American Heart Association. Requires current ACLS provider certification. Certificate awarded after successful completion. *Wanchun Tang, MD; Jazim Rubaii, MD; et al*

MONDAY, MAY 2, 2011

PLENARY SESSION

Time Period 1 (7:45 a.m. – 10:05 a.m.)

- 7:45 – 08:00 INTRODUCTION
*Max Harry Weil, MD, PhD; Wanchun Tang, MD
 Eric Rackow, MD; Shahriyar Tavakoli, MD
 G. Aubrey Serfling, CEO, Eisenhower Medical Center
 Martin Massiello, COO, Eisenhower Medical Center*
- 8:00 – 08:25 HERBERT SHUBIN MEMORIAL LECTURES
Bedside Diagnoses with Ultrasound
Philip Lumb, MB
- 8:25 – 08:50 **Managing Severe Hypoxemia**
Neil MacIntyre, MD
- 8:50 – 09:15 **IRIS: The Immune Inflammation Syndrome**
Henry Masur, MD
- 9:15 – 09:40 † **Ethics and Do Not Resuscitate Orders**
Max Harry Weil, MD, PhD
- 9:40 – 10:05 † **Panel Discussion: Ethical Issues in the Care of Dying Patients**
Drs. Lumb, MacIntyre, Masur, Weil
- 10:05 – 10:30 COFFEE BREAK

MINI-COURSES

Time Period 2 (10:30 a.m. – 11:20 a.m.)

- 1) **Renal Replacement Therapy in Acute Renal Failure**
Anthony Suffredini, MD
- 2) **ARDS**
Neil MacIntyre, MD
- 3) **Ultrasound Guided Central Venous Catheterization: Update 2011**
Philip Lumb, MB

MINI-COURSES

Time Period 3 (11:25 a.m. – 12:15 p.m.)

- 1) **Community Acquired Viral Pneumonias: Critical Illness due to Influenza and RSV**
Anthony Suffredini, MD

- 2) † **Syncope**
Nora Goldschlager, MD

- 3) **Methods of Withdrawal from Mechanical Ventilation: Update 2011**
Neil MacIntyre, MD

12:15 – 1:30 LUNCH BREAK

MINI-COURSES

Time Period 4 (1:30 p.m. – 2:20 p.m.)

- 1) **Managing Severe Bronchospasm**
Neil MacIntyre, MD
- 2) **Bedside Echocardiography to Help Direct Shock Resuscitation**
Anthony Suffredini, MD
- 3) **Management of Critically Ill Patients with HIV**
Henry Masur, MD

MINI-COURSES

Time Period 5 (2:25 p.m. – 3:15 p.m.)

- 1) **Tuberculosis in the 21st Century: Risk Factors, Diagnosis and Therapy**
Anthony Suffredini, MD
- 2) **Arrhythmias in the ICU**
Nora Goldschlager, MD
- 3) **Understanding Modern Antibacterial Therapy**
Henry Masur, MD

3:15 – 3:45 COFFEE BREAK

PLENARY SESSION

Time Period 6 (3:45p.m. – 5:25 p.m.)

- 3:45 – 4:10 **Advances in the Management of Atrial Fibrillation**
Nora Goldschlager, MD
- 4:10 – 4:35 **Conscious Sedation**
Philip Lumb, MB
- 4:35 – 5:00 **Mechanical Devices for Chest Compression During CPR**
Wanchun Tang, MD
- 5:00 – 5:25 **Treatment Bundles in Critical Care: An Alternative Viewpoint**
Anthony Suffredini, MD

TUESDAY, MAY 3, 2011

PLENARY SESSION

Time Period 7 (8:00 a.m. – 10:05 a.m.)

- 8:00 – 8:25 **Acute Coronary Syndromes**
Joseph Parrillo, MD
- 8:25 – 8:50 **Advances in Non-Invasive Monitoring**
Max Harry Weil, MD, PhD
- 8:50 – 9:15 **Goal Directed Therapy: An Update**
Emanuel Rivers, MD, MPH
- 9:15 – 9:40 **†† Current Indications for Carotid Stenting and the Outcomes**
Brian Herman, MD
- 9:40 – 10:05 **Panel Discussion: Goal Directed Therapy**
Drs. Parrillo, Weil, Rivers, Herman
- 10:05 – 10:30 COFFEE BREAK

MINI-COURSES

Time Period 8 (10:30 a.m. – 11:20 a.m.)

- 1) **†† Advances in the Acute Management of Strokes: Update 2011**
Brian Herman, MD
- 2) **Revising Practices of Parental and Enteral Nutrition**
William Browne, MD
- 3) **Diagnosis of Electrolyte and Drug Effects from the ECG**
Nora Goldschlager, MD

MINI-COURSES

Time Period 9 (11:25 a.m. – 12:15 p.m.)

- 1) **†† Non-invasive Ventilation for COPD, Heart Failure and Sleep Apnea: Update 2011**
William Browne, MD
- 2) **Cyanide Toxicity**
Matthew Brenner, MD
- 3) **Initial Management of Traumatic Brain Injury**
Daniel Davis, MD

12:15 – 1:30 LUNCH BREAK

MINI-COURSES

Time Period 10 (1:30 p.m. – 2:20 p.m.)

- 1) **Rapid Sequence Endotracheal Intubation**
Daniel Davis, MD
- 2) **Hematemesis and Melena**
William Browne, MD
- 3) **Initial Management of Acute Decompensated Heart Failure**
Jay Falk, MD

MINI-COURSES

Time Period 11 (2:25 p.m. – 3:15 p.m.)

- 1) **Diagnosis and Management of Cerebral Aneurysm: Update 2011**
Brian Herman, MD
- 2) **Implementing In-hospital Resuscitation Programs**
Daniel Davis, MD
- 3) **Lessons Learned From the ARDS Network**
Neil MacIntyre, MD

3:15 – 3:45 COFFEE BREAK

PLENARY SESSION

Time Period 12 (3:45 p.m. – 5:25 p.m.)

- 3:45 – 4:10 **Defibrillation, Including Predictors of Success**
Wanchun Tang, MD
- 4:10 – 4:35 **Intra-arterial Thrombolysis and Mechanical Intervention During Strokes**
Brian Herman, MD
- 4:35 – 5:00 **Revisiting Blood Transfusions**
Max Harry Weil, MD, PhD
- 5:00 – 5:25 **Heart Failure: Diagnosis and Management**
Joseph Parrillo, MD

WEDNESDAY, MAY 4, 2011

PLENARY SESSION

Time Period 13 (8:00 a.m. – 10:05 a.m.)

- 8:00 – 8:25 MAX HARRY WEIL INTERNATIONAL LECTURE
†† Sedation-free ICU in 2011
Jean-Louis Vincent, MD
- 8:25 – 8:50 **Management of Endocarditis**
Dennis G. Maki, MD
- 8:50 – 9:15 **Management of Circulatory Shock**
Max Harry Weil, MD, PhD
- 9:15 – 9:40 **Remarkable Increases in Survival After Cardiogenic Shock**
Joseph Parrillo, MD
- 9:40 – 10:05 **Panel Discussion: Indications for Vasoactive Drugs for Treatment of Circulatory Shock and CPR**
Drs. Vincent, Maki, Weil, Parrillo, Rivers
- 10:05 – 10:30 COFFEE BREAK

MINI-COURSES

Time Period 14 (10:30 a.m. – 11:20 a.m.)

- 1) **Emergency Management of Acute Coronary Syndromes: Update 2011**
Jay Falk, MD
- 2) **Glycemic Crises: Hyper and Hypoglycemia**
Janice Zimmerman, MD
- 3) **Post Cardiac Resuscitation Management**
Emanuel Rivers, MD, MPH

MINI-COURSES

Time Period 15 (11:25 a.m. – 12:15 p.m.)

- 1) **Obstetrical Emergencies**
Janice Zimmerman, MD
 - 2) **Myocardial Dysfunction in Sepsis**
Joseph Parrillo, MD
 - 3) **Malpractice Cases I**
Jay Falk, MD
- 12:15 – 1:30 LUNCH BREAK

MINI-COURSES

Time Period 16 (1:30 p.m. – 2:20 p.m.)

- 1) **Recognition and Management of Serious Skin and Deep Tissue Infections: Update 2011**
Dennis G. Maki, MD
- 2) **Hemodynamic Optimization During Acute Circulatory Failure: Concepts and Rationale I**
Emanuel Rivers, MD, MPH
- 3) **†† Expanding Pre-hospital Resuscitation, Diagnosis and Intervention**
Daniel Davis, MD

MINI-COURSES

Time Period 17 (2:25 p.m. – 3:15 p.m.)

- 1) **Acute Management of Seizures**
Janice Zimmerman, MD
 - 2) **Hemodynamic Optimization During Acute Circulatory Failure: Concepts and Rationale II**
Emanuel Rivers, MD, MPH
 - 3) **Malpractice Cases II**
Jay Falk, MD
- 3:15 – 3:45 COFFEE BREAK

PLENARY SESSION

Time Period 18 (3:45 p.m. – 5:25 p.m.)

- 3:45 – 4:10 **Monitoring the Microcirculation in Patients to Guide Resuscitation**
Jean-Louis Vincent, MD
- 4:10 – 4:35 **Complications of Antiplatelet, Anticoagulation Therapy**
William Browne, MD
- 4:35 – 5:00 **Selecting Antimicrobials for Management of Life-Threatening Bacterial Infections on Admission**
Dennis G. Maki, MD
- 5:00 – 5:25 **Pericardial Constriction and Tamponade**
Joseph Parrillo, MD

THURSDAY, MAY 5, 2011

PLENARY SESSION

Time Period 19 (8:00 a.m. – 10:05 a.m.)

- 8:00 – 8:25 **Recognition and Management of Severe Sepsis and Septic Shock**
Dennis G. Maki, MD
- 8:25 – 8:50 **Immunological Crises, Including Myasthenia Gravis, Thrombotic and Anti-phospholipid Antibody Syndrome**
William Browne, MD
- 8:50 – 9:15 **Hypothermia During and After CPR**
Wanchun Tang, MD
- 9:15 – 9:40 **Early Goal Directed Therapy: Maybe Too Much Fuss?**
Jean-Louis Vincent, MD
- 9:40 – 10:05 **Panel Discussion: Advances in Early Recognition and Management of Sepsis and Septic Shock**
Drs. Maki, Browne, Tang, Vincent
- 10:05 – 10:30 COFFEE BREAK

MINI-COURSES

Time Period 20 (10:30 a.m. – 11:20 a.m.)

- 1) **The Scourge of *C. Difficile*: Prevention and Management**
Dennis G. Maki, MD
- 2) **Fluid Therapy: When, How and What Type**
Jean-Louis Vincent, MD
- 3) **Management of Drug and Alcohol Withdrawal**
Janice Zimmerman, MD

MINI-COURSES

Time Period 21 (11:25 a.m. – 12:15 p.m.)

- 1) **Antifungal Therapy in the ICU: Update 2011**
Dennis G. Maki, MD
 - 2) **Current Guidelines for Trauma Management**
Jean-Louis Vincent, MD
 - 3) **Poisonings and Overdoses**
Jay Falk, MD
- 12:15 – 1:15 LUNCH BREAK

MINI-COURSES

Time Period 22 (1:15 p.m. – 2:05 p.m.)

- 1) **Sudden Cardiac Death**
Wanchun Tang, MD
- 2) **Management of Severe Bleeding (Including rVIIa and Antifibrinolytic Agents)**
Jean-Louis Vincent, MD
- 3) **†† Critical Care Toxicology with Special Reference to Overdoses**
Janice Zimmerman, MD

ETHICS AND PRACTICE – Sessions comply with the requirements of some medical licensing authorities for one or more hours of medical ethics each year.

Pain and End-of-Life Care – Sessions comply and are marked with a †.

Geriatric Critical Care – Sessions comply and are marked with a ††.

Course Organizing Committee and Faculty

Max Harry Weil, MD, PhD

Distinguished University Professor
 Founding President, Weil Institute of Critical Care Medicine
 Rancho Mirage, CA;
 Adjunct Professor of Medicine, Feingold School of Medicine
 Northwestern University
 Chicago, IL;
 Research Professor of Surgery and
 Emeritus Professor of Clinical Anesthesiology
 Keck School of Medicine of the University of Southern California
 Los Angeles, CA

Wanchun Tang, MD

Professor and President, CEO
 Weil Institute of Critical Care Medicine
 Rancho Mirage, California;
 Clinical Professor of Anesthesiology
 Keck School of Medicine of the University of Southern California
 Los Angeles, CA

William T. Browne, MD

Associate Professor of Medicine
 Internal Medicine Residency Program Director
 University of Minnesota Medical School
 Minneapolis, MN

Shahriyar Tavakoli, MD

Medical Director, Critical Care
 Chairman, Department of Medicine
 Eisenhower Medical Center
 Rancho Mirage, CA

Faculty

Matthew Brenner, MD

HOTEL REGISTRATION FORM

49TH ANNUAL Weil / Eisenhower Medical Center Symposium on CRITICAL CARE AND EMERGENCY MEDICINE April 30 - May 5, 2011

Make your hotel reservations one of the following ways:

- 1) MAIL** Westin Mission Hills
71333 Dinah Shore Drive, Rancho Mirage, CA 92270
- 2) CALL** 1-877-253-0041
- 3) FAX** 1-760-321-2607
- 4) ONLINE** <http://www.starwoodmeeting.com/BOOK/WSD30C>

RATE \$185.00, single or double, plus taxes, currently 10.065% hotel tax and 2% Tot/BID assessment. **Please disregard the \$25 resort charge stated on your confirmation. This charge has been waived for those booking at the group rate.**

Please PRINT clearly.

1. Application must be accompanied by a letter from the Chief of Service stating that the participant is enrolled in a full time approved training program (Residents and Fellows).
2. Does not include registration for any Precourses.
3. Syllabus must be ordered at time of registration. CD of course program will be provided on site at no extra charge.

SUMMARY OF COURSE INFORMATION

Dates

6-day Course (2-day Precourse + 4-day Symposium), April 30 – May 5, 2011

5-day Course (1-day Precourse + 4-day Symposium), May 1 – May 5, 2011

4-day Symposium, May 2 – May 5, 2011

Registration Information

Fax the application to 1-800-854-9261.

Mail completed application to: Eisenhower Medical Center, Attn: Teri Branscome, Administration, 39000 Bob Hope Drive, Rancho Mirage, CA 92270

Telephone: Please call 1-800-503-0988.

Online at <http://emc.org/weilccc>

Onsite registration Sunday, May 1 – Monday, May 2, beginning at 7:00 a.m.

Location

Westin Mission Hills, 71333 Dinah Shore Drive, Rancho Mirage, CA 92270

Phone 1-788-253-0041 for reservations or 1-760-328-5955 for general information.

Online reservations: <http://www.starwoodmeeting.com/book/WSD30C>

Hotel Reservations

To obtain the Weil group rate, call and mention the conference name: 49th Weil Symposium. Mail or fax the registration form with one night's deposit (check or credit card; include tax).

Room Rate: \$185.00 per night, single or double occupancy, plus tax. See hotel form for complete details regarding registration.

Room block expires March 1, 2011. Please make reservations early, block may fill before-cut off date.

Tuition Refund Policy

Refunds must be requested in writing prior to the course and are subject to a 10% processing fee. No refunds will be given after the course begins.

Syllabus/Proceedings

All attendees will receive a CD with course syllabus at time of registration. To receive a print version you must indicate this on your registration form and there is an additional cost of \$75.00 for the printed version.

Special Needs

Advance notice of special needs for physically challenged participants is requested by March 1, 2011. Contact Carol Marietta at cmnp@earthlink.net to request any special accommodations. Faxed requests can be sent to Teri Branscome at 1-800-854-9261 or by phone at 1-800-503-0988. All requests must be received 14 days in advance of intended activity start date.

ACCREDITATION AND CERTIFICATION

The Annenberg Center for Health Sciences at Eisenhower is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide medical education for physicians.

The Annenberg Center designates this educational activity (4-day Symposium) for a maximum of 26.5 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. Additional credits will be given for those attending pre-Symposium workshops based on the hours spent in each activity.

Annenberg Center for Health Services is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

A maximum of 26.5 contact hours may be earned for successful completion of this activity (4-day symposium).

Provider is approved by the California Board of Registered Nursing, Provider #13664 for 26.5 contact hours.

Disclosure

It is the policy of the Annenberg Center to ensure fair balance, independence, objectivity, and scientific rigor in all programming. All faculty and planners participating in sponsored programs are expected to identify and reference off-label product use and disclose any significant relationship with those supporting the activity or any others whose products or services are discussed. Full disclosure will be made at the meeting.
